09:00 - 12:30 am

Location: CIMA – Aula 8

- During the early morning, we firstly expect to invite presentations of two selected international experts (external do the region) (Dr. William Cheung and Dra. Marion Gehlen) on relevant research questions and topics they may suggest and think that could be carried out in the region (SW Atlantic).
- Finally, there will be a general conclusion and the participants will discuss how to move forward (writing a position paper, proposal submission, etc.).
